

Report on - DG: UMID Resolution Protocol

Yoshi Shibata

Chair, DG UMID Resolution Protocol

2022-06-06

The home of media professionals, technologists, and engineers

DG: UMID Resolution Protocol

- Activities since the March Meeting
 - Sorry, no progress at all ...
 - More focusing on the TC-30MR business
 - SMPTE ST 330 (UMID Format):
 - Finally published at IEEE Xplore!
<https://ieeexplore.ieee.org/document/9787389>
 - SMPTE RP 205 (UMID Applications):
 - Updated to include “UMID Applications in MXF and Streaming Media”
 - “Final Call for UMID Application Examples” to be conducted

Next Step

- Re-prepares the Workplace in MS Teams
 - Reference documents to be stored
 - Call for further participations
 - Welcome any preliminary discussions!
- Hopefully provides initial “skeleton” draft
- As a part of the TC-30MR business
 - Let us conduct “Final call for UMID application examples” also at this TC!
