# DG: UMID Resolution Protocol

- Activities since the June Meeting
  - Sorry, no progress at all ...
    - More focusing on the TC-30MR business
      - ST 2029 UMID Update (SMPTE URN):
        - As a “lightweight follow-up” project for the editorial revisions to the UMID part
        - Under pre-FCD ballot review
      - SMPTE RP 205 (UMID Applications):
        - Conducted “Final Call for UMID Application Examples” on June 20 (also here!)
          - With the latest RP 205 working draft

# Next Step

- More focusing on the TC-30MR business
  - To complete the ST 2029 UMID Update
  - To consider how to proceed the RP 205 update
- Re-prepares the Workplace in MS Teams
  - Reference documents to be stored
  - Call for further participations
  - Welcome any preliminary discussions!
- Hopefully provides initial “skeleton” draft
