SG: UMID Application

- Activities since the Niagara
  - Started TC review of "Study Report Part 2-1" on Mar. 26 and approved(?)
    - Specifically contains:
      - UMID Resolution Protocol
      - UMID based Program Package Exchange

  - Proposed a new DG on "UMID Resolution Protocol"
    - TC review done on May 26 and now under ST review(?)
      - To be briefly introduced later

  - Submitted an initial draft of "Study Report Part 2-2"
    - Specifically contains
      - UMID Applications in MXF
    - … not completed yet, though ….

Study Report Part 2-2

- Goal
  - ◦ "Additional technologies needed to be standardized"

- UMID applications in MXF
  - ◦ MXF overview
    - Internal behaviour model
    - MXF OPs
  - ◦ Three kinds of UMID in MXF
   - Material Package UID (MpUmid)
    - File Package UID (FpUmid)
    - Those interleaved within Essence Container (BodyUmid)
  - ◦ Applications of MpUmid
  - ◦ Applications of FpUmid
  - ◦ Applications of BodyUmid ⎬ Still under study

MXF internal behavior model

AHG: RP 205 Revision

▶ Activities since the Niagara
- DP ballot closed on May 20
  - Result
    - 10Affirmative
    - 1 Negative
    - 8 Abstain

  - One comment received from Mr. Burnett
    - Missing IP statement?

Next Step

- **SG: UMID Applications**
  - Study Report Part 2-2
    - Hopefully completed before the Geneva meeting

- **AHG: RP 205 Revision**
  - Hopefully toward Standards Committee Audit?

- **New DG on "UMID Resolution Protocol"**
  - Hopefully started

Thanks!
